Prize Booth (set-up & event) \_\_\_\_\_

Project Graduation is a non-profit organization that gives the senior class a fun, alcohol and drug free event in which to celebrate being together as a class one last time. Since the first Project Graduation Party in 1988, there has not been one death or serious injury of a senior following graduation!

We rely 100% on volunteers. The party takes place on campus following graduation ceremonies. Project Graduation provides fun games, live and interactive entertainment, fabulous food, and elaborate decorations. 85% to 90% of the class attends the event. Tickets go on sale late winter. Watch for the invitation in the mail. Ticket scholarships are available.

Since Project Graduation relies 100% on volunteers, it becomes the responsibility of the parents of the freshmen, sophomore, and junior classes to continue the tradition. Please step up and volunteer to help this positive program continue its success. Project Graduation is the only venue in the school that includes every student.

You may mail or hand deliver this form to Montgomery High School's main office at 1250 Hahman Drive Santa Rosa, CA 95405.

Thank you,  
Shannon Hoffmann  
President
