

Senior Portraits - Due Friday, October 30th, 2009

You may use any photographer you choose. We encourage you to schedule your session as soon as possible, to ensure that your photo will be completed in time for inclusion in the yearbook. You should clearly determine with your photographer who is responsible for submitting the photo to the yearbook. Portraits will not be returned.

Senior portraits are due in to the yearbook by Friday, October 30th, 2009. If you do not submit a portrait, you will not be featured in the senior section. Please spell your name exactly how you want it to appear in the yearbook when you submit your portrait. Write your name on the back of any photos and on any CDs submitted. Mail or turn in all materials to the yearbook basket in the main office.

We do accept non-traditional or amateur portraits, but we reserve the right to request an alternate photo if we deem a submission inappropriate or of insufficient photographic quality. All school guidelines regarding unacceptable drug, alcohol, sexual, or gang-related content should be followed.

Digital submissions should be JPEGs, 300 dpi resolution for a wallet size photo, on a clearly labeled CD. Please include a low quality black and white thumbnail print for our reference purposes. Traditional photos are fine, but only if printed from a film negative, not from a digital file. Formal portraits should follow these guidelines:

- Wallet size or larger
- Head size approximately 1 ¼ inch
- Color
- Vertical orientation

We hope to provide a yearbook-only photo session for those students who do not purchase a senior portrait. More details to follow in the fall – look for more information in the yearbook section at montgomeryhighschool.com.
